Latest Details of the Battle in the Sudan Yesterday—Treachorous Arabs—An Earthquake in Spain—Foreign Flash.

LONDON, March 14.—Further details of the desperate battle yesterday between Graham's forces and the rebels near the Tund Wells continue to arrive. During the confusion which ensued when the Arabs made their wild rush upon the British lines, and caused them to retreat, the newspaper reporters and other non-combatants took part and used their revolvers freely and with deadly effect against the enemy. After the battle Osman's camp and three villages were burned. Among the trophies Osman's standard was taken, and Tewfik's flag captured. The British losses are considerably heavier than first reported. The number killed reaching 150. Gen. Graham's forces are retreating to Suakin. Osman Digna fled to the hills. The Arabs refuse to believe the British slowly and sullenly. They were defeated but not put to rout. They walked as if suffering through a bazaar, with their arms folded or swinging at their sides. Many were shot down, but this did not hasten their retreat. Judges of native character think the Arabs are allied by family ties that the great loss of life will appeal them and break their faith in the Mahdi and their Shi.

NO PRISONERS TAKEN.

It was impossible to take prisoners. The wounded Arabs would lie motionless without uttering a single cry or moan, and watch their chance to escape advancing British with a knife or spear. The victors were told by the Arabs as among so many victims. A wounded Arab killed a British marine during the night, and another attempted to stab Col. Stewart while his Aid-de-camp was giving the wounded man water. Admiral Hewitt today sent a fresh circular to the tribes warning them that if they do not obey the summons to submit, the fate of the Arabs who fell at Teb and Tamanih will overtake them.

CANADA.

TORONTO, March 14.—There was an animated debate in the local Legislature last night on Mr. Pardee's, Commissioner of Crown Lands, railway resolutions. The principle affirmed in them was that the Dominion Parliament had no right to assume control of certain lines as they did by the act of the last session, and if they persisted in so doing, the province was entitled to the sum of \$14,000,000, advanced by it and the municipalities toward their construction. An amendment was moved by Mr. Meredith, and a further one by Mr. Hardy, the division on all three resulting in a majority of 10 for the Government.

RAILWAY CONSOLIDATION BILL.

OTTAWA, March 14.—The Grand Trunk consolidation bill passed the Railway Committee to-day. Sir Charles Tupper said one of the reasons why the Government asked delay in its consideration was to ascertain whether the amalgamation with the Great Western was legal. The Department of Justice reported the amalgamation legal and no further parliamentary action was necessary. An amendment preventing the amalgamation with the Canadian Pacific will probably be made on the third reading.
